

LOVE SCIENCE: The ART of SEXUAL MASTERY!

By Dr. Freckles

President and founder of D.F.G.T.C.

DISCLAIMER BITCH

This presentation deals only with the male heterosexual search for women to have sex with; we do not cover issues of “love” or “sex” concerning other genders, sexual preferences, identities, orientations, or any other kind of bullshit.

THIS IS FOR MEN, WITH MAN PARTS, WANTING TO GET THEIR “ROD IN THE FISHING HOLE”.

Learning Foci

- **The “right girl” ...**
- **Romance? - fuck ...**
- **Is “Valentine’s Day” really a thing?**
- **First date strategies**
- **When do you say “boyfriend” or “girlfriend” ... and fuck ... that’s stressful.**

Learning Foci (continued)

- **Do women care if you have money? A job? A car ... or toilet paper?**
- **Man-tainence of the relationship**
- **What is the clitoris? Where is the clitoris? Is there really a G-Spot? Was Lovecraft afraid of it? - Call of Cthulhu ...**

The “right girl” ...

- Where do these “right girls” live? - church didn't work out.
- **Can a human date a communist?**
- Benjamin Franklin method: pluses, minuses, and rank ordering ...
- Are some women “pretenders”, and you don't know who they are until it's too late?

Romance? - fuck ...

- **Who invented this “romance” bullshit?** (*“Courtly Love” and the Middle Ages bullshit ... fuck*)
- **Love poems - and other mistakes**
- **Flowers?** (*probably used as deodorant*)
- **Does the “Say Anything” boombox bullshit work?** (*spoiler alert: no*)
- **Love notes?** (*maybe*)

Is “Valentine’s Day” really a thing?

A dusty old Roman emperor in the 3rd Century declared that “young men should not marry” - so he outlawed it. There was some fucking priest named Valentinus or some such shit that would marry the young, in secret ... “Braveheart” (1995) style ... he was killed, Hallmark bought the rights in 445 AD.

Is “Valentine’s Day” really a thing? (continued)

“Lupercalia”

This celebrates Romulus and Remus and Beavis and Buttthead and all the other fuckers who murdered the Tarquins, in the 5th Century BC, and raped their sheep ...

First date strategies

- **What does “going dutch” really mean? (the fucking Dutch: a Fremont, Seattle, Solstice story from 2008)**
- **Don't tell her you think she's Hitler's lost daughter ...**
- **Don't play CREED!**
- **Don't order food that makes you fart.**
- **Tell her she's pretty ...**

First date strategies (continued)

- **Lying ... (is it ever a good idea?)**
- **Should you have sex on the first date?
AND YES THIS INCLUDES ORAL SEX
BILL (Clinton)!**
- **Is Lovecraft's "The Outsider" the right
short story to read before your first
date?**
- **First kiss OR first time getting MONO?**
- **Do you get her drunk?**

When do you say “boyfriend” or “girlfriend” ... and fuck ... that’s stressful.

“Boyfriend” and “girlfriend” are slave concepts.
There’s ME and YOU ... there’s US and THEM ... like
Pink Floyd said ...

Don’t commit yourself to slave names for sexual
mastery – instead, respect the woman-beast as a
powerful beast, capable of tearing your head off
(literally, figuratively, both ends)!

***JUST BE CAREFUL AT THIS STAGE OF
THE RELATIONSHIP!***

**You say “girlfriend” or “I love you” ... AND
YOU’RE FUCKED!**

Do women care if you have money? A job? A car ... or toilet paper?

- **“having money doesn’t matter” and other lies ... inside of lies.**
- **Don’t talk about the CAMRY getting repossessed ... or your massive debt.**
- **Don’t talk about why you don’t care about the debt, because it’s bogus, illegitimate, and part of a corrupt and tyrannical oligarchy of Bill Gate’s butt fucker bullshit.**

Man-tainence of the relationship

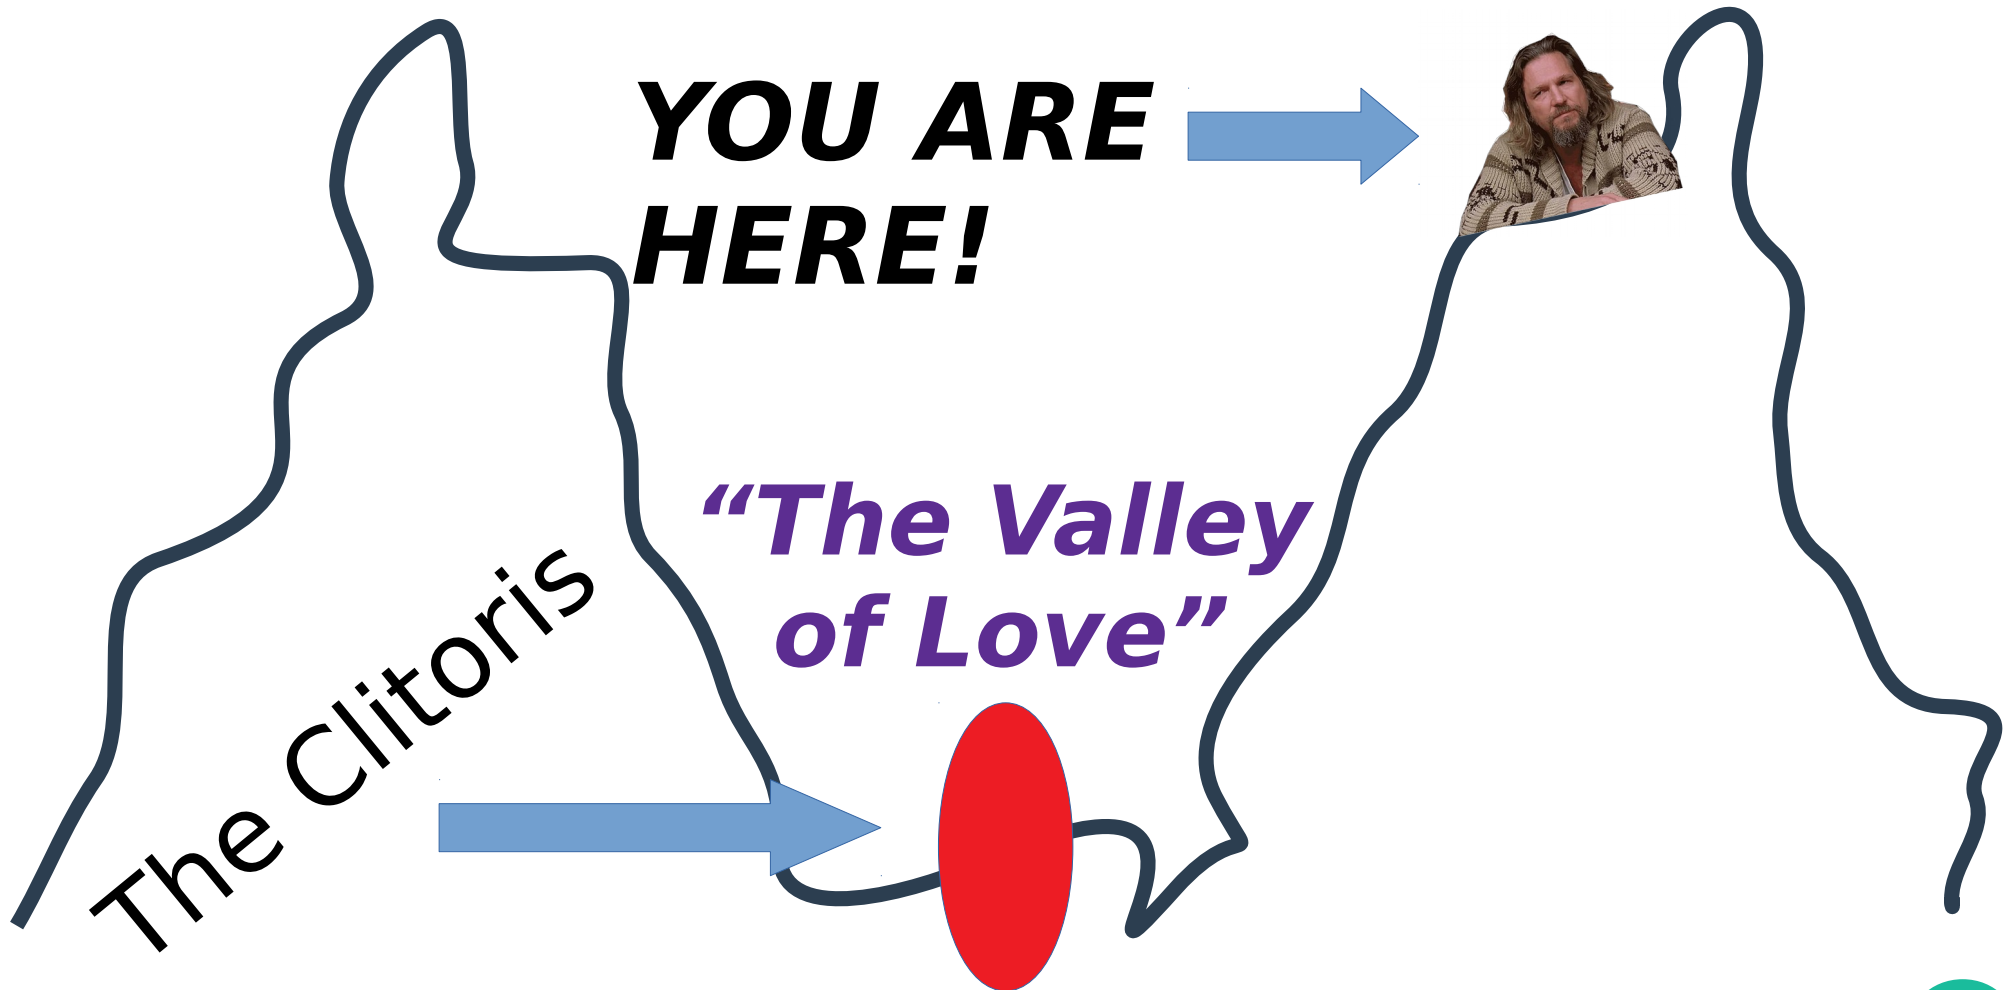

- **Women say they want “real men”, is this true? (toxic masculinity and other lies)**
- **What does it mean to “wear the pants”?**
- **Why can’t we escape mutual abuse hierarchies?**
- **Do real men hug? - yes.**
- **Do real men cry? - fuck yes.**

What is the clitoris? Where is the clitoris?

- **It is considered to be the greatest of all mysteries ...**
- **Lovecraft feared it, they say, and the story “Call of Cthulhu” is based on this.**
- **There is reason to believe that “Jason and the Argonauts” is really a pseudo-sexual penis journey ...**

What is the clitoris? Where is the clitoris? (continued)

The Labial Mountains ...

What is the clitoris? Where is the clitoris? (continued)

The clitoris is the strategic point of victory!

Parking lot ...
