

Kyle's Street Slurry

by Daniel John Sullivan

You ever wonder “what’s open?” in this unholy year of the poisoned soul? This abandonment of human purpose?

Have you thought “fuck Dan, where can I get an organically flavored street slurry to fill me up?”

A special slurry, in a hurry ...

A slurry fortified with the minerals of the street.

A slurry flavored with the bi-grumbian¹ fecal wastes and various oils and proteins that stratify ... layered ... as a patina of poop.

Kyle's Street Slurry has been in business for 20 years, providing healthy and nutritious street food for people living the street life ...

Kyle's Street Slurry will ACCEPT multiple forms of payment, to include: bitcoin, credit cards, cash, gold, silver, and pets ... cats, dogs, gerbils ... bring these wretched creatures to Kyle's ...

I often hear people say “Dan, I wish Kyle's was open 24/7!” - GREAT FUCKING NEWS! A NEW KYLE'S SIDEWALK WALK-UP is opening IN JULY ... just in time for summertime fun ...

You can go to other places that sell “solid food”, but wouldn't you want a nice slurry to warm your belly?

A magical goo, for me and for you ...

Come to Kyle's Street Slurry and get your fill of pointlessness ...

Come to Kyle's and understand what it is to be Danish ...

¹ Bi-grumbian: of the latent realm, bespeckled with the raw magic of moving life.
