

AN OPEN LETTER TO ALL MIND TURDS:

AND ALSO, ALL BUTT MONKEY PEANUT WARDEN ALLERGISTS:

10 years ago, nearly to this date, D.F.G.T.C. was founded on the principals of FREEDOM and HOOKERS and COCAINE.

I can proudly report that our current GDP is zero, but with the issuing of SEA-COIN type crypto products we expect our GDP to be minus soon ... and this will devastate our enemies.

Sure, we operate under a death fatwah ... but that is part of the GEL SURPRISE. Our condom recycling company is getting ready to do an IPO - we expect to generate \$100 billion.

We are not tossing **D.F.G.T.C.** away, no ... but we shall embrace its logical incarnation ... ROTAB and free the tight underwear bunchies.

ROTAB sounds like medication for a rotator cuff injury, and fuck you.

G.M.F.Y.I.L.Y.
